

WAVES AND SHAPES

WORKSHOP

In this workshop the attendees will design and make a mini quilt top (18" x 22") learning how to draw, cut and sew curves. During the class we will explore different designs, and how to use value and hue to create interesting compositions. The attendees will learn how to cut fabrics with complex shapes and how to sew these curved shapes by machine.

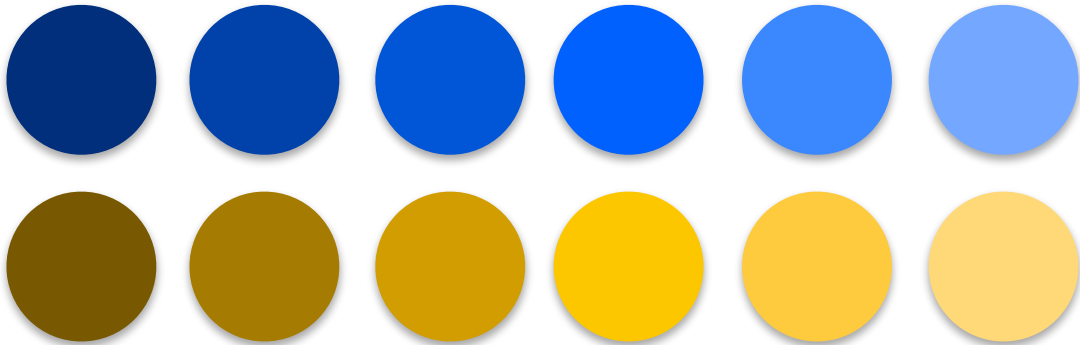

MATERIALS NEEDED

- 18" x 22" piece of freezer paper (you can buy a roll of freezer paper or join 4 letter size sheets of freezer paper))
- Hue A : 6 different values, 1FQ per value
